MEMORANDUM FOR THE RECORD

Meeting with the DCI on 14 January. Those present were: DDCI, Executive Director, DD/P, DD/I, A/DD/I, ADCI, and [REDACTED]

25X1

2. DCI asked to be informed at any hour as to the port to which the SIMFEROPOL will put in. He wants to be currently informed on the situation concerning this ship. He asked DD/P to look into the procedure by which the report of medget subs seems to have been overly delayed in reaching us.

3. DCI discussed his session with Killian, [REDACTED] and Land in 25X1X Boston Friday evening and the subsequent Killian memo to the President. DCI said McNamara has agreed to revise his handling of the RX as a result.

7. DCI discussed his meetings with Secretary Rusk yesterday and Secretary McNamara this morning. Rusk told DCI State-CIA relations have never been better. DCI told of his conversation in which he told McNamara there were two main areas of CIA-DOD friction: (a) the problems caused by DIA working-level efforts to duplicate CIA resources and (b) the problems in connection with NRO. DCI indicated to McNamara that DCI, McNamara, and Gilpatric should sit down to work out formal parameters to improve working relationships.
